

Learn To Skate & Competitive Skating

Welcome to the Taylor Sportsplex Learn-to-Skate program! The Learn-to-Skate program is divided into several comprehensive levels, based on a combination of both ISI (Ice Skating Institute) and USFS (United States Figure Skating) guidelines and standards. If you are interested in a membership to either of these organizations, please contact Jennifer Campau, Director of Developmental Skating at 734-374-8900 ext. 4210

FIRST DAY PROCEDURE

Skaters should arrive at least 15 minutes prior to their scheduled class time allowing sufficient time to try on rental skates and obtain their name badges. Specific class information and instructor assignments will be prominently displayed in the lobby. Once skaters are ready to go on the ice, they may line up with their instructor for attendance.

EQUIPMENT

If you bring your own skates single blade hockey or figure skates are required. All sizes of both styles of skates are available. Helmets are strongly encouraged for all skating participants (bicycle helmets are acceptable)! Comfortable, flexible, and warm clothing, including hats and gloves or mittens are recommended for all skaters. Beginner skaters should wear loose fitting pants while learning how to safely fall and stand back up.

PRACTICE PASS

All skaters in Tots and Basic classes will receive a practice pass which enables them to attend any of our Public Skating sessions at no charge. Passes are good for up to four uses during the session and cannot be replaced.

Parent/Tot

This class is designed to ease the fear of a skaters first time on the ice by allowing the parent to join the skater on the ice for the Tot 1 class only. Skates are required at all times for both adults and skaters in this class.

Tot 1-4

Entry level classes specifically designed for children ages 3 to 5. Beginning skating skills are combined with fun and games to capture and retain the children's attention and concentration.

Basic Skills 1-8

USFS based classes designed for skaters 6 and older or for those that have successfully completed Tot 1-4 classes.

Learn To Play Hockey

Classes are designed to enhance the skating ability of a hockey player beginning at age 6 and older, or skaters who have passed Basic 2. Helmets are required for these classes due to sticks and foam pucks used for activities.

Adult

This relaxed class design allows the instructors to modify the class layout to your specific needs.

Delta and Freestyle (F/S) 1-10

ISI based classes designed for skaters ages 6 and older

Sessions

- 1 - September 14th - October 26th**
Early Bird deadline - September 10th
- 2 - November 2nd - December 14th**
Early Bird deadline - October 29th
- 3 - January 11th - Feb 22nd**
Early Bird deadline - January 7th
